BY BONNELL ALUMINUM

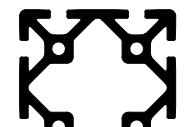

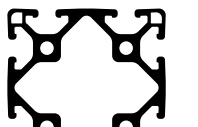

Fractional

TSLOTS by Bonnell Aluminum offers a large selection of high-quality aluminum extrusions in fractional sizes all made in the USA. Our fractional line is fully compatible with products from other competitors. We offer 10-Series & 15-Series TSLOTS and all the brackets, fasteners, hardware, hinges and stanchions you need to complete your customized project.

Industrial Lighting

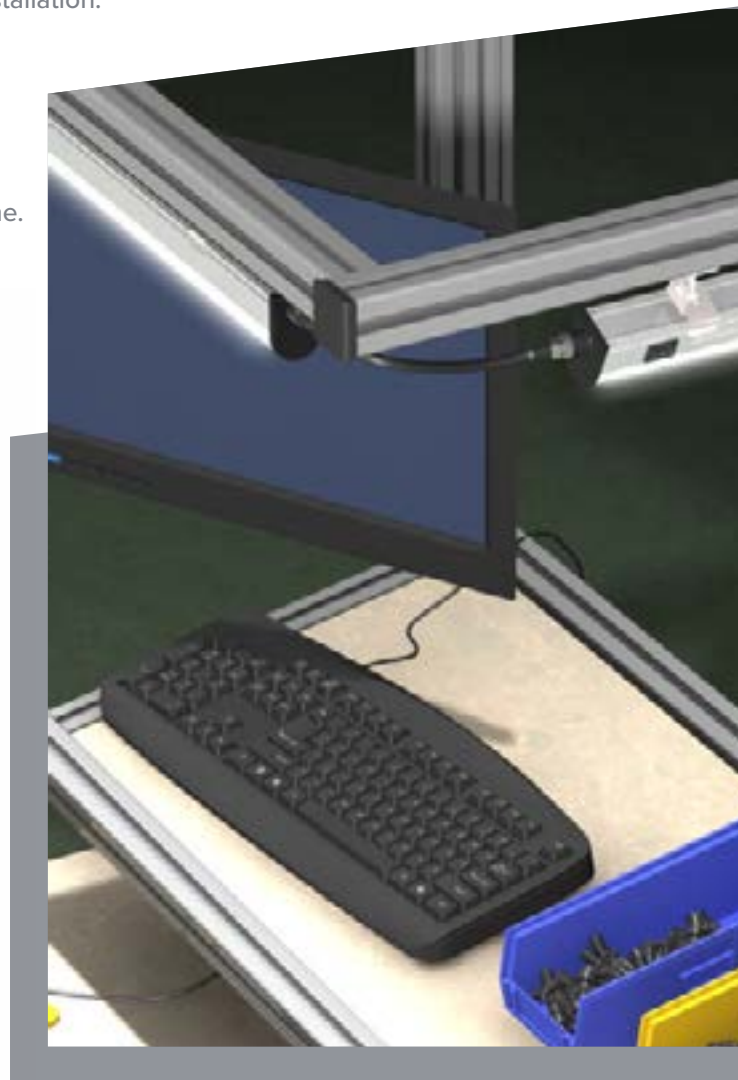

TBUILD™ Design Software

Workstation Illumination

TSLOTS Industrial Light Bar, utilizes advanced LED lighting technology providing high-quality and maintenance-free industrial lighting solutions that will last for years.

Benefits

- High brightness with an even light output for a no-glare glow.
- Eye shields to eliminate visual strain and glare.
- Robust metal housing, shatterproof light cover and easy installation.
- Ideal for work stations, machine lighting, control cabinets and manufacturing lines.
- We offer our LED Lights in 2', 3' and 4' lengths.
- Lights are easy to install onto TSLOTS extrusions.
- Improves visibility and safety in a workplace or on a machine.
- In stock for immediate shipping.
- 2' light provides 1300 lumens
- 3' light provides 1950 lumens
- 4' light provides 2600 lumens

What is TBUILD?

TSLOTS' design software is an intuitive, easy-to-use, web-based tool that allows you to seamlessly create and edit designs, print a bill of materials, and obtain real-time pricing for your aluminum extrusion project.

WHAT DO YOU WANT TO BUILD TODAY?™

Whether you're designing complex machine guarding for industrial applications or building accessible shelving for your home garage, TBUILD makes it easier than ever to bring your ideas to life. Simply choose your desired extrusions or components and drag and drop them into place.

THE TBUILD DIFFERENCE:

EASE OF USE

TBUILD is designed with simplicity in mind. With our drag-and-drop tool, you can easily select, place, and adjust components as you construct your design – no complex commands or extensive training needed.

WEB-BASED ACCESS

No need to download hefty software or worry about system compatibility. TBUILD is entirely web-based, allowing you to access your saved projects anytime and anywhere.

DESIGN FREEDOM

Our extensive library of TSLOTS extrusions and components means that you are limited only by your creativity. Experiment with different configurations until you find the perfect design.

NO CAD FILES NEEDED

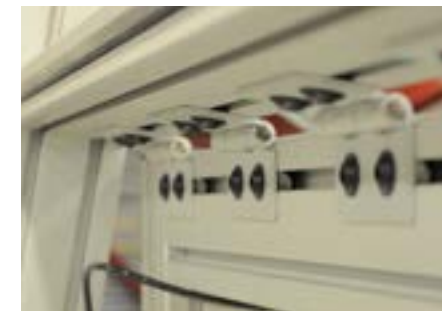

No more worrying about having to import the correct files when designing with t-slotted extrusions. Build your project and quickly export for use in other applications.

Visit [TBUILD.io](https://tbuild.io) and explore unlimited possibilities

MADE WITH TSLOTS MATERIALS

WHAT DO YOU WANT TO BUILD TODAY?

Direct from the Extruder

TSLOTS come directly from us — the extruder: Bonnell Aluminum. In fact, TSLOTS are the only t-slotted aluminum extrusion actually sold by the people who make the product.

Show Us what you've built

We want to see what you have built with TSLOTS! Visit our website www.tslots.com and upload a picture. We will feature it in our web gallery and send you a free TSLOTS T-Shirt!

Don't see what you're looking for?

This is only a few of the products we carry, visit www.tslots.com to view or download our complete product catalog.
